

#NEVERMIND

ABOUT US | ACHIEVEMENTS | CONTACT US

December 2020

#NEVERMIND is a FRRB granted project coordinated by IRCCS Fondazione Don Carlo Gnocchi to develop **engineered nanovectors** to ameliorate the efficacy of drugs for neurodegenerative diseases and brain cancer.

DRUGS FOR NEURODEGENERATIVE DISEASES

Insight in the experience of the laboratory of the **University of Milano-Bicocca - CNLAB** in the creation of multifunctional nanoparticles against amyloid deposits in the brain, i.e. against Alzheimer's disease.

News

CHRISTMAS GREETINGS

The #NEVERMIND Consortium wishes you **merry Christmas and happy and safe 2021!** See you in January 2021 with new amazing news from the labs.

WHO WE ARE

This newsletter will bring you in the laboratories involved in the project. Next month we will focus on nanotechnologies to enter the brain and get rid of pathogens and diseased cells.
