

#NEVERMIND

ABOUT US | ACHIEVEMENTS | CONTACT US

July - August 2021

#NEVERMIND is a FRRB granted project coordinated by IRCCS Fondazione Don Carlo Gnocchi to develop **engineered nanovectors** to ameliorate the efficacy of drugs for neurodegenerative diseases and brain cancer.

MID-PROJECT MEETING

After 18 months of work, the #NEVERMIND Consortium took stock of the results achieved and the difficulties encountered to better plan the next 18 months of work. In July, the mid-year meeting of the second year of project was held virtually. [read more](#)

SUMMER HOLIDAYS

The #NEVERMIND Consortium is ready to have a break for the summer holidays. **Research never stops**, but researchers will take turns to relax, spend time with families and friends and then go back to work with renovated energy and new ideas! We wish you all happy holidays!

News

#NEVERMIND FOR VACCINES

Before travelling during the summer holidays and meeting friends and relatives, **do not forget your responsibility, do not forget to make the COVID-19 vaccine!**

Here a useful link by Centro Medico Sant'Agostino to clarify any doubt about vaccines.

NEW LAB FOR LABION TEAM

The **Laboratory of Nanomedicine and Clinical Biophotonics (LABION)** is now renewed. We look forward to starting our research activity in September in an open space lab with new instruments!

Stay tuned for updates and virtual tour ☺
