

NEVERMIND COFFEE HOUR

13th JULY 11:30 am - 12:30 am (CET)

Virtual event

Free registration at this [LINK](#)

CHEMICAL CONSTRUCTS AND PROBES TO SUPPORT DRUG DELIVERY AND MONITORING IN THE BRAIN

Moderator: Daniele Passarella, PhD (University of Milan)

**Peptides become smart: self assembly and biomimicking
in the development of functional materials**

Sara Pellegrino, PhD
University of Milan

**Chemical probes to unravel and visualize biological
complexity: from reactions to druggable targets**

Pierfausto Seneci, PhD
University of Milan

Supported by: Fondazione Regionale per la Ricerca Biomedica (FRRB)

Organized by: IRCCS Fondazione Don Carlo Gnocchi (Milan, Italy) in collaboration with [NEVERMIND](#) project partners
